

Traveling to Heidelberg and getting around

Arrival by car

The motorways A5/A6, with interconnected highways, serve much of the greater Rhine-Neckar metropolitan region. Motorways A5/A6, direct motorway on-ramps and exits from/to Heidelberg via the A5/A656.

Heidelberg has an environmental zone, into which only vehicles which meet certain emissions standards are permitted to drive. Cars which are used in the Green Zone must be equipped with a sticker that indicates their emissions group. Since January 2013 only vehicles which display a green sticker are permitted in the environmental zones. Further information on the environmental zone is available at www.heidelberg.de/umweltzone

Parking in the Centre

The center with its diverse shopping opportunities around the Bismarckplatz (Bismarck Square) includes the parking garages P0 to P7, P14, the underground car park P15 in the old hospital and the P16 right at the start of the Neuenheimer Neckarseite. For an old-town stroll or a visit to the Castle, it is best to park in the Old Town car parks P9, P11, P12 or P13.

You can check for free parking places on www.heidelberg.de/parken.

The car parks from the area of the **Kongresshaus Stadthalle (Convention Center)** Heidelberg P6 and P8 are particularly recommended for attending events or for a shopping tour or old-town stroll, in particular if you arrive coming from the direction of the B 37.

You can park free of charge at the Messplatz in the Kirchheim quarter (Kirchheimer Weg). From there, bus line 33

will take you to the Kornmarkt station, stop "City hall/funicular railway", and tram line 26 to the Bismarckplatz. Please note: Events take place regularly at the Messplatz (flea markets, fairs, etc.). Parking is not possible or is only possible with certain restrictions during those times.

Rail-bound transport

Heidelberg is part of the ICE and IC/EC net of the German Rail. Public transportation in the

Metropolregion Rhein-Neckar: The S-Bahn (regional train) lines of the Rhine-Neckar public transport system offer highly convenient connections both in the region and to points beyond. Further information: www.bahn.de
